## **SOCIAL SECURITY ADMINISTRATION**

### **20 CFR Part 416**

[Regulations No. 16]

RIN 0960-AD90

#### **Evidence of Lawful Admission for Permanent Residence in the United States (U.S.)**

**AGENCY:** Social Security Administration.  
**ACTION:** Proposed rule.

**SUMMARY:** This proposed regulation sets forth the type of documentation required for an alien to establish the status of lawfully admitted for permanent residence for eligibility purposes under the Supplemental Security Income (SSI) program. The Immigration and Naturalization Service (INS), the Agency responsible for determining alien status and issuing documents certifying alien status in the U.S., is changing its policy with regard to what constitutes definitive evidence of lawful permanent resident alien status. In this proposed SSI regulation, we are removing references to specific INS form numbers and substituting a general reference to an Alien Registration Receipt Card issued under current INS regulations. Thus, SSA's regulations will be broad enough not only to be consistent with the new INS policy when it becomes operational, but also to accommodate future INS regulatory changes regarding acceptable documentary evidence of lawful permanent resident alien status. In the future, SSA will not have to revise its regulations to conform to changes in INS policy unless the form name changes. Historically, the form name has remained the same.

**DATES:** To be sure that your comments are considered, we must receive them no later than October 30, 1995.

**ADDRESSES:** Comments should be submitted in writing to the Commissioner of Social Security, P.O. Box 1585, Baltimore, MD 21235, sent by telefax to (410) 966-2830, sent by E-

Mail to "regulations@ssa.gov," or delivered to the Division of Regulations and Rulings, Social Security Administration, 3-B-1 Operations Building, 6401 Security Boulevard, Baltimore, MD 21235, between 8:00 a.m. and 4:30 p.m. on regular business days. Comments received may be inspected during these same hours by making arrangements with the contact person shown below. If you have any comments or suggestions on the estimate shown for the Paperwork Reduction Act, write to the Social Security Administration, ATTN: Reports Clearance Officer, 1-A-21 Operations Building, Baltimore, MD 21235, and to the Office of Management and Budget, Paperwork Reduction Project (0960-0451), Washington, D.C. 20503.

**SUPPLEMENTARY INFORMATION:** To be eligible for SSI benefits, an individual must be either a citizen or national of the U.S. or an alien lawfully admitted for permanent residence or otherwise permanently residing in the U.S. under color of law. Our regulation at § 416.1615(a)(1) sets forth the types of alien registration documents issued by INS which constitute valid evidence of lawful permanent residence status.

INS is responsible for determining alien status and issuing documents certifying alien status within the U.S. INS does, when necessary, revise its regulations specifying acceptable documentation of alien status.

Aliens who are lawfully admitted for permanent residence and who apply for SSI benefits are required to submit evidence of lawful permanent residence status to be eligible for benefits. Such evidence must be a valid document issued by INS under current INS policy.

On September 20, 1993, INS published a final rule at 58 FR 48775 to terminate the validity of several older versions of the Alien Registration Receipt Card and to establish the Alien Registration Receipt Card, I-551, as the exclusive alien registration card for the use of permanent resident aliens. This

INS rule originally was to have been effective on September 20, 1994. However, INS subsequently published two notices in the **Federal Register** (on September 14, 1994 at 59 FR 47063 and on March 17, 1995 at 60 FR 14353, to delay the effective date of this rule. The rule is now scheduled to become effective on March 20, 1996. As a result of the INS regulatory change, lawful permanent resident aliens must replace previously issued obsolete forms, such as the I-151, AR-3, AR-3a and AR-103, with the current Alien Registration Receipt Card, Form I-551 by March 20, 1996.

SSA's current regulation on evidence of lawful permanent resident status specifies the form numbers of all currently acceptable versions of the INS Alien Registration Receipt Card. Thus, any INS policy which changes acceptable documentation of alien status, such as the change presently effective March 20, 1996, requires SSA to revise its regulation to conform to those changes. We want to ensure that our regulation not only reflects current INS policy on alien status documentation but is broad enough to encompass changes INS might make in the future.

Therefore, in this proposed regulation, we are removing references in § 416.1615(a)(1) to specific INS form numbers which will be obsolete as of the effective date of INS' new regulatory change, and substituting a single reference to the Alien Registration Receipt Card issued under current INS regulations. As revised, our regulation simply indicates that the individual must submit an Alien Registration Receipt Card which is issued by INS in accordance with that Agency's current regulations.

#### **Regulatory Procedures**

##### *Regulatory Flexibility Act*

We certify that this proposed regulation will not have a significant economic impact on a substantial number of small entities because it only affects individuals who claim benefits under title XVI of the Social Security Act. Therefore, a regulatory flexibility analysis as provided in Pub. L. 96-354, the Regulatory Flexibility Act, is not required.

##### *Executive Order 12866*

We have consulted with the Office of Management and Budget (OMB) and determined that this proposed rule does not meet the criteria for a significant regulatory action under Executive Order 12866. Thus, it was not subject to OMB review.

*Paperwork Reduction Act*

This proposed regulation revises paragraph (a)(1) of § 416.1615. Section 416.1615 of the regulations contains reporting requirements. We would normally seek approval of these requirements (under the Paperwork Reduction Act) from OMB. We are not doing so because we already have clearance from OMB to collect this information under OMB No. 0960-0451.

Public reporting burden for this collection of information is estimated to average 5 minutes per response. This includes the time it will take to read the instructions, gather the necessary facts, and provide the information. We expect approximately 234,800 claimants per year will be responding, and estimate the total burden to be 19,567 hours. If you have any comments or suggestions on this estimate, see the **Addresses** section of this document.

BILLING CODE 4190-29-P

**DEPARTMENT OF LABOR****Occupational Safety and Health Administration****29 CFR Part 1926****Steel Erection Negotiated Rulemaking Advisory Committee**

**AGENCY:** Occupational Safety and Health Administration (OSHA), Labor.

**ACTION:** Notice of Committee meeting.

**SUMMARY:** Under the provisions of the Federal Advisory Committee Act (FACA), notice is hereby given of a meeting of the Steel Erection Negotiated Rulemaking Advisory Committee (SENAC). Notice is also given of the location of the meeting. This meeting will be open to the public.

**DATES:** The meeting is scheduled for September 19-21, 1995. The meeting will begin at 10:00 a.m. on September 19th.

**ADDRESSES:** U.S. Department of Labor, DOL Academy, Room C-5321, Seminar Room 4, 200 Constitution Avenue, N.W., Washington, D.C. 20210.

**FOR FURTHER INFORMATION CONTACT:** Anne Cyr, Acting Director, Office of Information and Consumer Affairs, OSHA, U.S. Department of Labor, Room N-3647, 200 Constitution Avenue, N.W., Washington, D.C. 20210; telephone (202) 219-8151.

**SUPPLEMENTARY INFORMATION:** On May 11, 1994, OSHA announced that it had established the Steel Erection Negotiated Rulemaking Advisory Committee (SENAC) (59 FR 24389) in accordance with the Federal Advisory Committee Act (FACA), the Negotiated Rulemaking Act of 1990 (NRA) and section 7(b) of the Occupational Safety and Health Act (OSH Act) to resolve issues associated with the development of a Notice of Proposed Rulemaking on Steel Erection. Appointees to the Committee include representatives from labor, industry, public interests and government agencies.

SENAC began negotiations in mid-June, 1994, and has met nine times since. Initial meetings dealt with procedural matters, including schedules, agendas and the establishment of workgroups. The Committee established workgroups to address issues on Fall Protection,

Construction Specifications and Scope. During subsequent meetings, foundations for negotiations were established and additional workgroups were formed to address more specific issues and develop a draft revision of subpart R.

The Committee last met on June 27-29 where consensus was expected to be reached on a proposed revision of subpart R. The Committee did reach agreement on major issues and most of the elements of the draft revision; however, after much deliberation, they could not come to an agreement on fall protection. OSHA determined that since the Committee made significant progress on the fall protection issue and agreed to other very important improvements to the existing standard, it would allow the Committee to convene a workgroup to resolve the fall protection issue. On July 26, a workgroup met in Philadelphia and tentatively agreed on fall protection requirements for steel erection. This recommendation will be presented to the full SENAC Committee at the September meeting where it is expected that consensus will be reached on the complete draft proposal. OSHA will then complete the preamble and prepare the document in the proper **Federal Register** format for publication as a proposed rule.

All interested parties are invited to attend the Committee meetings at the time and place indicated above. No advanced registration is required. Seating will be available to the public on a first-come-first-served basis. Persons with disabilities, who need special accommodations, should contact the Facilitator by September 12, 1995. During the meeting, members of the general public may informally request permission to address the Committee.

Minutes of the meetings and materials prepared for the Committee will be available for public inspection at the OSHA Docket Office, N-2625, 200 Constitution Ave., N.W., Washington, D.C. 20210; telephone (202) 219-7894. Copies of these materials may be obtained by sending a written request to the Facilitator.

The Facilitator, Philip J. Harter, can be reached at Suite 404, 2301 M Street, N.W., Washington, D.C. 20037; telephone (202) 887-1033, FAX (202) 887-1036.
